

House rules

The house rules settle the living together of all the tenants of the apartments. The house rules are valid for every tenant and its part of the lease. The acceptance of the house rules is the precondition for the achievement of the tenancy.

Noise

Every tenant is responsible for, that avoidable noise happen.

Safety

- Stairs and corridor are escape routes, and has there for always to been kept free.
- It is absolutely forbidden to grill on the balcony.
- By a fire the fire brigade is to be informed as soon as possibly. **Phone: 0-112.**
- By a fire or another disaster, the tenants have to go to the assembly point which is marked on the escape route map.
- The doors have to been closed, especially the outside doors.
- Stranger and unknown people are the admittance in the building prohibited.
- It is not allowed to park bikes in the building.

Cleaning

- The apartment has to be held clean; in particular the bathroom has to be cleaned weekly.
- For your rubbish there are rubbish skip for your disposal at the courtyard.
- The tenant has to remove the dirtying he/she cause, immediately and on his/her costs.
- At departure the food has to be removed from the kitchen and refrigerator. Please turn out the refrigerator and leave the door open.

To ventilate

The apartment must also in winter be ventilated. This is to be effected by opening the window or the balcony door for a short time.

Heating

By leaving the apartment, the tenant has to turn back the heater.

Smoking

It is not allowed to smoke in the apartment or in the entire area of the institute.

First-aid

You will find the nearest first-aid box in the corridor in the 1st floor by the apartments. If you take out some dressing material, please document this in the green book beneath.

Washing room

Please leave the washing room blithe. At departure the cleaning agent has to be removed from the washing room.
